Resolution #2026-05

## Fire Restriction Order

Due to current and forecasted weather conditions coupled with the record dry vegetation conditions and extreme fire danger throughout Uintah County, Utah the Uintah Fire District Executive Director has determined that measures must be taken to prevent the ignition of forest and rangeland fires. Therefore, pursuant to resolution number # 2026-05, the following act is prohibited in the areas described below until rescinded by the Executive Director:

1. No open burning (spring burn window) during the months of April 2, 2026 through May 31, 2026. Except within established facilities in improved campgrounds or day use areas on public lands, or in permanently constructed fire pits at permanent private dwellings served by pressurized running water.

\*The fire restriction order number 2026-05 will be unchanged and will remain in effect until May 31, 2026 or until rescinded.

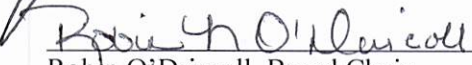

The following persons are exempted from the above prohibitions:

1. Persons with a permit or waiver issued by the District, specifically authorizing a specified act at a specific location. A waiver does not relieve the permittee of liability if a fire does occur.
2. Any on-duty firefighter in the performance of an official duty.

**Area Description:** All unincorporated private lands within Uintah County, and incorporated city limits including Vernal City, Naples City and Ballard City.

Any of the above acts is a violation of state and county law found under Utah Code 76-6-10 Reckless Burning. These restrictions will be enforced by county and city law enforcement.  
Effective Date: 12:01 a.m., 2nd day of April, 2026
